I'm on the Rainbow Bridge
I been in the night, raisin' up the dead
Do not fuck with me, get some reverence
I'ma leave you down on the Rainbow Bridge
I'm posted up, Grave Man 'til the end
Ahh

I been in the night, raising up the dead
Do not fuck with me, get some reverence
I'ma leave you down on the Rainbow Bridge
I'm posted up, Grave Man 'til the end
I been in the night, raising up the dead
Do not fuck with me, get some reverence
Every day's the same, I woke up again
On and on and on and on and on and on and on again

I don't know, I just been hurting
Staying up for days, rockin' in my Rocker jeans
Dying in a field, will you come and die with me?
I'm still in the night, I don't ever, ever sleep
I got a Scream mask, knives, wearing Realtree
Come down in the grave, down underneath the trees
Hope you're down for that, out here no one hears you scream, "Ahh!"
And you know
You know, you know, you know
I'm in my empire of dirt
And I'll be here until the end
And you know
You know, you know, you know
My whole room, it hurts
But I will be your friend
And I'll stay until the end

I been in the night, raisin' up the dead
Do not fuck with me, get some reverence
I'ma leave you down on the Rainbow Bridge
I'm posted up, Grave Man 'til the end
I been in the night, raising up the dead
Do not fuck with me, get some reverence
Every day's the same, I woke up again
On and on, and on, and on, and on, and on again
I been in the night, raisin' up the dead
Do not fuck with me, get some reverence
I'ma leave you down on the Rainbow Bridge
I'm posted up, Grave Man 'til the end
I been in the night, raising up the dead
Do not fuck with me, get some reverence
Every day's the same, I woke up again
On and on, and on, and on, and on, and on again
