

Sacrifice

Sematary

I sacrifice for the gang
I sacrifice for the real life
I sacrifice for the pain
I sacrifice for your green eyes
Dirty boys from 'round the way
And we'll sacrifice for our wings
I don't wanna see you again
Unless you'll sacrifice for me (Uh)

Sacrifice, sacrifice
Baby, will you be my, my sacrifice?
Sacrifice, sacrifice
Baby, will you be my, my sacrifice?

Sacrifice

Still working every day
Cause that's all I've ever known
I still ride the highway
Till I ain't lost no more
Girl, for me stay true
Baby, I'll kill for you
Batter up, wire bat to your dome
But I'm probably better off alone
When the sun goes down's when I wake up
When the sun goes down, get my bands up
When the sun goes down, I'm on the hunt
When the sun goes down, I can feel something
Forever young, I just wanna be forever dumb
I just wanna ride with gang in a hearse truck
Cut my wings if I don't keep my heart strong
Robin wings, I'm in pain, dead by dawn
Lately I'm bleeding, I don't give a fuck
I had such motherfuckin' hopes for us
At least this oxy will keep me up
At least this oxy will keep me up
At least this oxy will keep me up

Sacrifice, sacrifice
Baby, will you be my, my sacrifice?
Sacrifice, sacrifice
Baby, will you be my, my sacrifice?
