

Shotgun

Semetary

Haauugghhhh

I'm gonna blow your brain away
Oh lord, please don't try me today
I got a shotgun I don't keep in a safe
Wake up in the morning, said "Fuck today"
I'm gonna blow your brain away
Oh lord, please forgive me today
I got a shotgun I don't keep in a safe
Wake up in the morning without a face

I'm gonna put you in my name sake
I'ma break your head open with a steel mace
I got a shotgun and some razor blades
Shawty leavin' me, I guess I'm stuck up in my ways
Don't trust a human being, everyone is fake
You don't wanna die, please stay away
I'm covered in the blood of my enemies
Motherfuck real life, I finally feel alive today

I'm gonna blow your brain away
Oh lord, please don't try me today
I got a shotgun I don't keep in a safe
Wake up in the morning, said "Fuck today"
I'm gonna blow your brain away
Oh lord, please forgive me today (Aughh)
I got a shotgun I don't keep in a safe
Wake up in the morning without a face

Shotgun, shotgun, shotgun, trigger my escape
Feelin' hostile, I'ma stain, come drive me away
Fourteen nights, been rollin' for days
Bitch, you don't know me, put you in your grave
Bloodshot, call me Ghostface
My brain is a landfill, I'm made of waste
Common, common, since yesterday
Red snow, finna blow my fuckin' head away
Lurcher in the truck bed
Buckshots, fill 'em with lead
Mothman calls me again
Rainbow Bridge, never reached the end
Your world is over now
We gon' bring you down
My bros, we tear the town
My shotgun blast you back into the ground

I'm gonna blow your brain away
Oh lord, please don't try me today
I got a shotgun I don't keep in a safe
Wake up in the morning, said "Fuck today"
I'm gonna blow your brain away
Oh lord, please forgive me today
I got a shotgun I don't keep in a safe
Wake up in the morning without a face
