

# Skinwalker

Semetary

I'm on the Rainbow Bridge  
I'mma skinwalker

See me walkin' in the night, skinwalker  
See me ridin' with the knives, grim reaper  
You'll be runnin' for your life, motherfucker  
See me dancin' in the night with my chainsaw  
I'm a skinwalker  
I'm a skinwalker  
I'm a skinwalker  
You know I'm a skinwalker

Under a haunted moon, we come 'round your house  
Burning, they fell, we done left him underground  
I'm a dog with human hands, dancing in your yard  
If we come around, fear the skinwalker  
We are hollowed  
Owls called  
My head's a triangle  
My cutter longer

See me walkin' in the night, skinwalker  
See me ridin' with the knives, grim reaper  
You'll be runnin' for your life, motherfucker  
See me dancin' in the night with my chainsaw  
I'm a skinwalker  
I'm a skinwalker  
I'm a skinwalker  
You know I'm a skinwalker

Was it all worth it? I still wonder  
I know that you love to watch me suffer  
She say she still likes to be my lover  
She could never really love Young Slugger (No, no, no)  
There's a part of me that wants to trust her  
But it's just because I wanna fuck her (Yah)  
Do you ever think about that summer? (Yah)  
Or are you just another skinwalker?

See me walkin' in the night, skinwalker  
See me ridin' with the knives, grim reaper  
You'll be runnin' for your life, motherfucker  
See me dancin' in the night with my chainsaw  
I'm a skinwalker  
I'm a skinwalker  
I'm a skinwalker  
You know I'm a skinwalker
