We been creeping 'round at the Walmart
We gon' steal some shit out the Kmart
We been gone so long, it don't hurt now
You can find us down at the toy barn
We been creeping 'round at the Walmart
We gon' steal some shit out the Kmart
We be riding 'round 'round 3 o'clock
You might find us down at the toy barn

Wake up in the morning, I'm eating muddy buddies
Ride with Ghost Mountain, paranoia creepin' heavy
Robotussin, RoboCoughing, I'm coughing in that coffin
Cashier looking at me funny, we don't like no-fucking-body
Pull up to the Walmart, pull up to McDonald's
I wish that I was dead, fucking vomit a McFlurry
If you don't live for something, then you gon' die for nothing
I'ma go to Walmart, this world is fucking crushing

We been creeping 'round at the Walmart
We gon' steal some shit out the Kmart
We been gone so long, it don't hurt now
You can find us down at the toy barn

I'm at the Kmart, fuck it all
You can find me crying in the Walmart
Robotripping hard, I'ma buy it all
Waking up in abandoned Toys R Us
Rage is in my heart and it keep me warm
But I'ma lie cold, dead down in the dark
I don't fuck with the world, I don't give a fuck
We'll be lurking, dancing in the parking lot

We been creeping 'round at the Walmart
We gon' steal some shit out the Kmart
We been gone so long, it don't hurt now
You can find us down at the toy barn
