Grave Man

Ah, I hear the wind when it's screamin' to me, oh
And I be knowin' when you're lyin' to me, oh
I hear your friends fuckin' laughin' at me, haha
Laugh all you want, I'll break in your airstream
And what I ain't, I will never be
It's like a dream burning through the trees
For me, you don't have to be pretty
But tonight, come with me in the trees

Yeow, Wendigo
Wendigo
Wendigo
Yeow, Wendigo
I don't know where to go
Wendigo
Wendigo
Wendigo

(Yeow)
I'm from the woods where the dirt still bleeds
Where the power lines shorter than the trees
I got safety pins, keep you safe for me
But baby, I want you to bleed for me
All I ask for is you believe in me
And every night, hammer your kisses to me
Everybody leaves, will you stay true for me?
Fuck it though, I'ma make my chainsaw swing
Baby, when I go, will you wait for me?
If you look for me, you will find me
Baby, when I go, will you wait for me?
I'll be down by the river and the trees

Yeow, Wendigo
Wendigo
Wendigo
Yeow, Wendigo
I don't know where to go
Wendigo
Wendigo
