

Left Behind

Semblant

Absence unleashed my demons
Shattered by loneliness
But nothing is lost
Nothing is lost
Sorrow makes another victim
Stranded without his consent
But nothing is lost
Nothing is lost yet

All you left behind
Lingers in my eyes
My eyes, full of sorrow
All you left behind
Lingers in my eyes
All you left behind

Awake, but barely breathing
Caught by the emptiness within
But nothing is lost
Nothing is lost
Now all of my resistance
Still hangs by a thread
But nothing is lost
Nothing is lost yet

All you left behind
Lingers in my eyes
My eyes, full of sorrow
All you left behind
Lingers in my eyes
All you left behind

All you left behind
Lingers in my eyes
My eyes, full of sorrow
All you left behind
Lingers in my eyes
All you left behind
