

## Great Divide

Semisonic

Over mountains  
That's where my love lives  
A long, long ride to Sun Land  
Here where I did this  
Across the Great Divide  
Alone  
Wonderin', open, afraid and  
Arrive in the light  
Unknown  
Unknown, unwise and unaided  
If I could, I might  
Send my love on a plane ride  
A black cross high in the blue sky  
A green cross gliding on a million mines  
Across the Great Divide  
Alone  
Wonderin', open, afraid and  
Arrive in the light  
Unknown  
Unknow, unwise, and unaided
