

# Never You Mind

Semisonic

**G Es** (4x)

**G Es**  
1. Saturday morning alone and barely feeling  
**G Es**  
Sitting at home after rocking and a-reeling  
**B As**  
All night in a cat fight  
**G D**  
With the only one who can make me cry  
  
Open the blinds and the world is in rotation  
Shaking my mind like an Etch-a-Sketch erasing  
Sunshine, you were bad, I'm  
Still mad but I can't remember why

**Es F**  
R: I believe you know me well  
**Gmi C**  
I react like you're ringing a bell  
**Es F**  
Are you sorry that you treat me unkind  
**As Es**  
Never you mind

**G Es** (2x)

2. Rolling along to the song that aggravates us  
Beckoned on by the mirage of an oasis  
Hurry, I'm getting blurry  
And it's no longer clear in my mind

R: I believe you know me well  
I react like you're ringing a bell  
Are you sorry that you treat me unkind  
Never you mind

R: I believe I got you down  
You react like anybody else around  
Are you sorry that we wasted our time  
Never you mind

**B As**

**G Cmi**  
\*: Sometimes it takes all my time guessing why I can't figure it out  
**G Cmi**  
Sometimes it takes all my energy just to forget about  
**Es Cmi As Gmi**  
All the memories that I'd be better off without  
**C Es F**  
I believe you know me well

**G Es G Es B As G D**

**G Es**  
3. Switch on the box Mr. Spock is on the table

**G** **Es** **B**  
Dr. McCoy is unable to connect his brain

**As**  
Sweatin and strainin

**G** **D**  
Well it seemed so simple at the time

R: I believe you know me well  
I react like you're ringing a bell  
Are you sorry that you treat me unkind  
Never you mind

R: I believe I got you down  
You react like anybody else around  
Are you sorry that we wasted our time  
Never you mind
