

## So Amazed

Semisonic

I got nothing to do with you  
But give you what you want  
I got nowhere to go with you  
But wherever you want

I want you enough to change my plans  
How 'bout you?

So amazed to be with you  
Takes forever just to prove  
I got nothing left to do  
But stay and do nothing with you

I've been playing this game with you  
Very very long  
One thing's always the same with you  
You give it all you got

I can choose when to take a stand  
How 'bout you?

So amazed to be with you  
Takes forever just to prove  
I got nothing left to do  
But stay and do nothing with you

Billionaires with spaceships flying  
Facelifts tight as genes designed  
To keep a man from ever dying  
Poor guy never had a life

So amazed to be with you  
Takes forever just to prove  
I got nothing left to do  
But stay and do nothing with you  
With you  
With you
