

Blessed By The Devil

Sen Senra

Feeling so smart beneath the veil
My friend is time to see the day
Oaks trees in the land, all you want to share
Crossing all the lines every time again

Blessed by the devil
Blessed by the devil
Blessed by the devil
Blessed by the devil

Wishes so high burning like flames
My soul just flies, moved out again
When you are so tall, won't feel the same
"Don't be so loud", that's what they said

Blessed by the devil
Blessed by the devil
Blessed by the devil
Blessed by the devil

So wild flying overhead
