

## Same Love To Share

Sen Senra

Have you ever sat and thought about back then  
Have you ever felt scared about the end  
We wanna make it, we all have our plans  
It's funny we forget them in the weekend  
Tell me the news under the night veil  
If that girl finally says yes  
That summer days will never end  
Go ahead, all you need is there

Man, thinking about back  
Thinking about back then  
Thinking about back then  
Oh, man, same gang  
Same love to share  
Man, thinking about back  
Thinking about back then  
Thinking about back then  
Oh, man, same gang  
Same love to share

Have you ever sat and thought about back then  
Have you ever felt scared about the end  
We wanna make it, we all have our plans  
It's funny, we forget them in the weekend

Man, thinking about back  
Thinking about back then  
Thinking about back then  
Oh, man, same gang  
Same love to share  
Man, thinking about back  
Thinking about back then  
Thinking about back then  
Oh, man, same gang  
Same love to share
