

## So Good Being A Trouble For You

Sen Senra

Now that you're gone, it's been a long, lonely time  
It's a long, sad, lonely time  
Rolling along, I'm in a strange state of mind  
It's a strange old state of mind  
Memories, they mess with my mind, who am I to deny?

She was so good at being in trouble, so good at being in trouble  
e  
So good at being in trouble, so good at being in trouble  
So good at being in trouble, so good at being in trouble  
So good at being in trouble, so bad being in love
