

Ride

Senidah

Cazzafura

I'll treat you right
Let me be her
Ride with me, uh
Ride with me

Boy, why won't ya?
Take me in the car with ya
Riding along with ya
Said that you wanna do right by me
I-I-I-I-I
Riding
I-I-I-I-I
Said that you'll ride with me, eh-eh-eh, eh
Said you wanna ride with me
Bet you wanna ride with me

She's waiting for you to get home
She's waiting on you
Bitch, he never left
She's waiting for you to get home
But you'll rather ride with me, yeah

Bet you wanna ride with me
Bet you wanna ride with me
Bet you wanna ride with me
Ride with me
Bet you wanna ride with me
Bet you wanna ride with me
Bet you wanna ride with me
Ride with me

Start feeling me up
Where you tryna go?
I would never know
Unless ya
Touch me like you really want it all
Touch me like you'll right for me

Boy, why won't ya?
Take me in the car with ya
Riding along with ya
Said that you wanna do right by me
I-I-I-I-I
Said you wanna ride with me
Bet you wanna ride with me
Ride with me

She's waiting for you to get home
She's waiting on you
Bitch, he never left
She's waiting for you to get home
Bet you'll rather ride with me, yeah

Bet you wanna ride with me
Bet you wanna ride with me

Bet you wanna ride with me
Ride with me
Bet you wanna ride with me
Bet you wanna ride with me
Bet you wanna ride with me
Ride with me
Bet you wanna ride with me
