

Sick Or Sane

Senses Fail

Take me to a hotel room
And tie me to the bed on my mistakes
Kiss me like I paid for this
Please don't stop 'til you take all my faith
And the white coats just don't get it
I'm a genius with a headache
And the white coats just don't get it
I'm a genius with a headache
Am I a little sick or a little sane?
Am I a little sick or a little sane?
Am I a little sick or a little sane?
'Cause I feel a little sick
I'm sorry I forgot your name
But this is the first time I've played this game
I know I made a big mistake
I'm paying you to suck out all my faith
And the white coats just don't get it
I'm a genius with a headache
And the white coats just don't get it
I'm a genius with a headache
Am I a little sick or a little sane?
Am I a little sick or a little sane?
Am I a little sick or a little sane?
'Cause I feel a little sick
She's grace, come and get some of this
And the white coats just don't get it
I'm a genius with a headache
And the white coats, they just don't get it
I'm a genius with a headache
Am I a little sick or a little sane?
Am I a little sick or a little sane?
Am I a little sick or a little sane?
'Cause I feel a little sick
She's grace
She's grace
She's grace
She's grace
