A secret to make your heart tremble
(Only I know)
A secret that has a slight feeling
My little shh Little Secret

Even if we stay up all night
I won't tell you, only I know
I hide myself among the crowd
But you always find me in the end

Look up and down, Look back
But this scent continues
The closer you walk to me

Hidden in my heart, my little secret
A little secret that I wanna keep to myself
Will you whisper to me, my little secret
A little secret that will make you shine like me
(Don't ever tell, Hey)

Be confident, be prepared to look better
It's not hard
Somewhere, somehow, I shine
As if I'm hiding something special

The eyes on me have grown, it's always overflowing
So I confidently enjoyed it even more
But why do you think that's all there is to see?

Hidden in my heart, my little secret
A little secret that I wanna keep to myself
Will you whisper to me, my little secret
A little secret that will make you shine like me
(Without you knowing)

Come come come away in that short time
It's a secret that will make you change (shh)
Come come come away (Come on)
While everyone's asleep (Suddenly)
A secret that will make you dazzle more

Should I just tell you?
You'll be surprised, can you follow me?
I'm pulling you, it's a party you've dreamed of
In it, it's me and you

Hidden in my heart, my little secret
A little secret that I wanna keep to myself
Will you whisper to me, my little secret
A little secret that will make you shine like me
(Without you knowing)

Come come come away in that short time
It's a secret that will make you change (shh)
Come come come away (Come on)
While everyone's asleep (Suddenly)
A secret that will make you dazzle more

Come come come away in that short time
