

Ricochet

September

Ooh ladedada ladedada
Ooh ladedada ladedada
Ooh ladedada ladedada
Ooh ladedada ladedada

So load your gun
Aim for my heart
You can shoot me but you'll never leave a mark
I never dodge
I never move
The only one that's walking wounded is you

And every time you diss me
I know you really miss me
And if you don't believe it
I'll make a comeback
Expect me when you see me
I know you really need me
Pull the trigger and you'll see

Ooh ladedada
What can I say?
I'm like a bullet, bullet
I'm gonna ricochet
Ooh ladedada
Push me away
But like a bullet, bullet
I'm gonna ricochet

Ooh ladedada ladedada

The more you push
The more you try
The more you turn it all over and around
The more you scream
The more you shout
The more I turn your volume all the way down, down, down, down

And every time you diss me
I know you really miss me
And if you don't believe
I'm coming back
Coming back, coming back

Ooh ladedada
What can I say?
I'm like a bullet, bullet
I'm gonna ricochet
Ooh ladedada
Push me away
But like a bullet, bullet
I'm gonna ricochet

I'm gonna bring it on now
Bring it on now
I'm gonna bring it on now
Bringing it, bringing it

I'm gonna let it all out
Let it all out
I'm gonna let it all out, let it all out

I'm gonna bring it on now
I'm gonna bring it on now
I'm gonna bring it on now
I'm gonna bring it on now
I'm gonna let it all out
I'm gonna let it all out
I'm gonna let it all out, let it all out
Ha-ha

Ooh ladidada
What can I say?
I'm like a bullet, bullet
I'm gonna ricochet
Ooh ladidada
Push me away
But like a bullet, bullet
I'm gonna ricochet

I'm gonna bring it on now
I'm gonna bring it on now
Ricochet
I'm gonna let it all out

Ricochet!
