

Titan

Septicflesh

Titan...

Misty moon of Saturn
A veil conceals your face
Methane rain keeps falling, clouds roaring

Your vivid landscapes
With deltas, lakes and seas
Massive mountain stones, glassy frozen thrones

Titan...

"Rex est mortuus, vivat rex!"
Your name strikes fear
"Hic domus dei est"
A giant sphere!

With terraforming
Your soil will have our seed
Massive mountain stones
Stolen icy thrones

Titan...

Titan / Human

Titan...

Humans will raise
The Titan race
"Rex est mortuus, vivat rex!"
"Hic domus dei est"
