

3rd Testament (Codex Omega)

Septicflesh

"At last, the final volume in the mega popular "Testament" trilogy

The concluding book "Codex Omega" is far better than the last book "New Testament"

Although it reads somewhat like a cross between the first and second book in the plot and overall feel, it is a very enjoyable read and a better conclusion that wraps everything up, with a surprising twist at the end..."

A human has written all books

A human mind has thought of the "proof"

To rule the earth, he had to ascend

To rule his peers, their will he had to bend

Bibles are portraying a world in black and white

We invented the devil, so the devil is man!

If Satan was the father and Antichrist the son

Lilith was the mother and Lucifer the spirit of light

Reversed is the 3rd Testament

The 3rd Testament

The 3rd Testament

A phantom God guarding your salvation

He lives in books, your imagination

An abstract thought, lord of all creation

An absent king, the final revelation

If Satan was the father and Antichrist the son,

Lilith was the mother and Lucifer the spirit of light

Codex Omega...
