

"I call the eternal sun
And ask its flames to grant me
Strength, health, fire
Fire awakens me
No need for holy seals
Baptized in sacred lies
Strange bright fire
God has forsaken me"

Hierophant
A silent god won't lead you
Hierophant
A serpent's tongue will free you

Taurus approaches shaking the earth
Crushing and screaming
He is tearing the veil of Forever
An imposing emperor
Feed the fire
Hierophant
Feed the fire
God never spoke to you...

Hierophant
A serpent that won't kill you...

"My name has been erased
Replaced by soundless cries
Pain Hate Fear
Man has forsaken me
I wear my triple crown
And guard forbidden treasures
Feed the fire
Fire awakens me"

Hierophant
A silent god won't lead you
Hierophant
A serpent's tongue will free you

"I'll be your altar, firm as the earth
Bathe me and cleanse me with fire that lives forever
No need for heaven"

Feed the fire
Fire awakens you
Feed the fire
Fire awakens you
Feed the fire
Fire awakens you
Feed the fire
Fire awakens you
