Seraphim

Holy eyes in the night, look through the bright sky
Encircle in the twinkling of an eye, chase it around the afterl
ife

Illusiveness, the cope of night, ambiguously, betrayal of your
mind
Passing through the evil dark side, the moment of metempsychosi
s

Deep sleep in endless ocean, sail into the passage of time
Amazing daydream will come true, entreat to my Lord, commend my
soul

Moving so fast from night till dawn, moulded the sorrow in the
night
The fire burn had impassioned me, anguish surrounded me isolate
d

Painful day never ends, abandon myself
Dye my heart to sunset far away, suddenly back again

Resurgent, sin heavily, finally living in hell on earth
No regret, bloody rise and fall, my rebel soul into fiction

Deep in the mental rapport, all I can see is the universe
My heart was lost in evil, the thumper whirlpool, drown in a fl
ash
