

Candy

Serena Ryder

Hard on the outside, soft in the middle
Keeping it all in the inside, like it's alright when it isn't
I melt in the sunlight, baby I pop and I fizzle
Trying to guess what's inside, hope you don't mind, I'm a riddle

Everyone's got edges, build them to survive
But I want to open up and show you my softer side
(Softer side)

I'm candy, I'm sweet
Unwrap me, I'm candy, I'm sweet
I'm candy, I'm sweet
Understand me, I'm candy, I'm sweet

Fall in a deep dive, I'm coming up in a minute
Everything changes on the inside, when the sun shines just a little
And I'm not making it easy, and I'm not moving too quickly
Can't keep on looking on the outside, the answer is within me

Everyone's got edges, build them to survive
But I want to open up and show you my softer side
(Softer side)

I'm candy, I'm sweet
Unwrap me, I'm candy, I'm sweet
I'm candy, I'm sweet
Understand me, I'm candy, I'm sweet

I'm candy, I'm sweet
Unwrap me, I'm candy, I'm sweet
I'm candy, I'm sweet
Understand me, I'm candy, I'm sweet
