

Kid Gloves

Serena Ryder

What are you chasing?
Is it running away from you?
What if you waited?
And just let it come to you?

You know it's right
When what you want
It wants you too
You know it's right
So if you want

Let's get the kid gloves out
Let the love come easy
Let it handle us oh so tenderly
We don't need to throw down
Baby, let it be easy
I wanna do whatever comes to us naturally
When it's precious like this love
You gotta handle it with kid gloves

What if we made it?
Whatever we wanted it to be
Let it take us to places
That we've never ever been

You know it's right
When what you want
It wants you too
You know it's right
So if you want

Let's get the kid gloves out
Let the love come easy
Let it handle us oh so tenderly
We don't need to throw down
Baby, let it be easy
I wanna do whatever comes to us naturally
When it's precious like this love
(When it's precious like this love)
You gotta handle it with kid gloves
(Kid kid kid gloves)
When it's precious like this love
(When it's precious like this love)
You gotta handle it with kid gloves

Let's get the kid gloves out
Let the love come easy
Let it handle us oh so tenderly
We don't need to throw down
Baby let it be easy
I wanna do whatever comes to us naturally

When it's precious like this love
(When it's precious like this love)
You gotta handle it with kid gloves
(Kid kid kid gloves)
When it's precious like this love

(When it's precious like this love)
You gotta handle it with kid gloves
(Kid kid kid gloves)
