Killing Time

Serena Ryder

I thought I was empty in my center
Forgot what I needed to remember
Happiness exhausted and I lost my way
Hot shot, I wasn't even a contender

Maybe I was killing time
Caught up in my crazy mind
You say you want me to make a decision
Give me back all the pieces I'm missing
I'll never be satisfied
Killing time

I prayed for the melody to save me
Too late, I didn't know where I was aiming
There was nothing I could do but let it go
Awake, I was living in a daydream

Maybe I was killing time
Caught up in my crazy mind
You say you want me to make a decision
Give me back all the pieces I'm missing
I'll never be satisfied
Killing time

Maybe I was killing time
Caught up in my crazy mind
You say you want me to make a decision
Give me back all the pieces I'm missing
I'll never be satisfied
Killing time

I thought I was empty in my center
