Saying Hello

Serena Ryder

Life's gone, coming back and why?
Answer in the reason why
Love's not just for the night
Take a step back, you're gonna find
What you left behind

Put a little water on the fire, fire
Put a little water on the fire

Saying hello
Nice to meet myself again
Where did I go?
Nice to meet my long lost friend
Viva the dark, viva the light
Viva the wrong, I've seen the right
Saying hello

Patience, yeah
It's not hesitation, it's not just killing time
Trust not just in the mind
You can be broken and never know it
Sometimes it's just right

Put a little water on the fire, fire
Put a little on the fire

Saying hello
Nice to meet myself again
Where did I go?
Nice to meet my long lost friend
Viva the dark, viva the light
Viva the wrong, I've seen the right
Saying hello

Never gonna give up hope for a minute
Never gonna give up hope for a minute
Never gonna give up hope for a minute
(Put a little water on the fire, fire, put a little
Water on the fire)
Never gonna give up hope for a minute
(Put a little water on the fire, fire, put a little
Water on the fire)

Saying hello
Nice to meet myself again
Where did I go?
Nice to meet my long lost friend
Viva the dark, viva the light
Viva the wrong, I've seen the right
Saying hello

Saying hello
Nice to meet myself again
Where did I go?
Nice to meet my long lost friend
Viva the dark, viva the light
Viva the wrong, I've seen the right

Saying hello

Saying hello
Nice to meet myself again
