

Don't think I can trust myself alone
I don't feel safe
Trying to wake up from my life
A dream I can't escape
Line to a guilty cord
Jump before we get to shore

I hit the floor
I hit the ceiling
Out of control
Not giving up
Can't find the door
Can't find the meaning
I'm looking for
Utopia
Utopia

I've broken bottles, emptied drawers
As I stood by the rain
Trying to find the finish line
It don't exist no place
Dreaming of what [?]
Keep on marching like I don't want more

I hit the floor
I hit the ceiling
Out of control
Not giving up
Can't find the door
Can't find the meaning
I'm looking for
Utopia
Utopia

Don't you want your life to feel safe?

I hit the floor
I hit the ceiling
Out of control
Not giving up
Can't find the door
Can't find the meaning
I'm looking for
Utopia

I hit the floor
I hit the ceiling
Out of control
Not giving up
Can't find the door
Can't find the meaning
I'm looking for
Utopia
