

# Waterfall

Serena Ryder

It's too heavy a load  
Oh, it's too heavy a load  
Let it go before your back gets broke  
It's too heavy a load

Must be hard to stand up straight  
With the weight that's on your back  
Must be hard to hold the ocean in your arms  
Don't be scared to spill a drop and open up  
Baby we can talk, if you wanna talk

Don't always got to be strong  
Baby let it fall like a waterfall  
Love you the most of all  
When you let it fall (let it fall)  
Like a waterfall (like a waterfall)

It's too heavy a load  
Oh, it's too heavy a load  
Let it go before your back gets broke  
It's too heavy a load

Love is not a tender thing  
Pull your strings until you snap  
It can overflow the ocean in your heart  
If you're drowning and it feels like it's too much  
Baby we can talk, if you wanna talk

Don't always got to be strong  
Baby let it fall like a waterfall  
Love you the most of all  
When you let it fall (let it fall)  
Like a waterfall (like a waterfall)

You can let it fall, fall, fall, fall, fall, fall, fall, fall,  
fall, fall, fall down  
You can let it fall, fall, fall, fall, fall, fall, fall, fall,  
fall, fall, fall down

Let it fall, like a waterfall  
Let it fall, like a waterfall
