

Crowned by an Angel

Serenity

Time is gone, my love
Since you have passed away
It's way too long I'm here alone
Memories won't start to fade
All over sudden you've died
Till now I can't realize
This endless moment since you've been gone
When everything changed we've denied

But there's something deep inside
A vision that guides me to keep me alive

You are crowned by an angel
You're equal to god
You're my queen in death and life
Free me in heaven
And save me from death
When it's time for me to die
One day I'll come back to you

Can you hear my voice
Constantly whispering your name
You're far away above the clouds
There's something I want you to know
I'll count the days till it's true
I'll be in heaven with you
Hold your hands, feel your breath
Living old moments with you

But there's something deep inside
A vision that guides me to keep me alive

You are crowned by an angel
You're equal to god
You're my queen in death and life
Free me in heaven
And save me from death
When it's time for me to die
One day I'll come back to you

One day we will meet us again
One day we will find our way
In eternity souls are united
Living forever as one

You are crowned by an angel
You're equal to god
You're my queen in death and life
Free me in heaven
And save me from death
When it's time for me to die
One day I'll come back to you

You are crowned by an angel
You're equal to god
You're my queen in death and life
Free me in heaven

And save me from death
When it's time for me to die
One day I'll come back to you
