

## My Fantasy

### Serenity

I've been praying my Lord  
I've been waiting for a sign  
Where I can see the reasons of my mistakes

I hope this is tomorrow  
Crawling to myself  
Is there perdition for my soul?

They watch me  
Will they sacrifice me?  
I lay here now - and forever

Caged in this prison I  
Will never see the light  
Wicked fate, is this your treason?  
Wake up on the other side  
A place where angels live  
I close my eyes, no more memories  
I know that this is not my call!

Is this my fantasy?  
Here in my mind, surrounded by four walls  
I'm still waiting for that sign (waiting for a sign)  
Hear my inner silent cries

Is this my fantasy?  
In my mind it's - what I want to see  
God's my only memory  
Alone in this cold tower

I watch them  
They won't sacrifice me  
Won't lose my crown  
No. never!

This is my fantasy  
Here in my heart, caged in this dark hole  
I'm still waiting for that sign (waiting for a sign)  
Hear my inner silent cries

Is this my fantasy?  
In my mind it's - what I want to see  
God's my only memory  
Alone in this cold tower
