

## Reason

## Serenity

There was a time when I felt like to fall  
What is left to do?  
Seems I'm failing too?  
But I will dedicate this to you  
No one else could be  
You will not betray

Struggles with all that rage  
Will never be the same  
Astonishing master plan  
1,000 years of pain

Trust and see  
You and me  
In this life, don't we have a reason?  
Trust and see  
Mystery  
Nothing will tear us apart

There's no way I will disappoint you  
I will not refuse  
A statement of hope  
Your dedication will guide me through years  
Years of decay  
Human race in strain

An innocent will to know  
How things are inside  
But digging too deep we'll fall  
Losing all our goals

Trust and see  
You and me  
In this life, don't we have a reason?  
Trust and see  
Mystery  
Nothing will tear us apart

Trust in me  
Don't you see?  
Universe, enlighten hearts

Trust and see  
You and me  
In this life, don't we have a reason?  
Trust and see  
Mystery  
Nothing will tear us apart  
In this life we will have - enlighten hearts
