

Do It For Me

Sergey Lazarev (Сергей Лазарев)

Better stop you now
Don't go stupid now
You're upsetting the cool in me
And the more I fight it
Get more excited
Girl you got me falling so deep

You should a be illegal
You outta be banned
A government warning baby
To every man, yeah

You came to rock my party
With your sexy body
You're my super hottie
You do it for me
Gotta have you for my lady
If not I'll go crazy
I love the way you play me
'Cause you do it for me

Girl you look so fine
Shaking your behind
Everybody been loosening their mind in here
The players mumbling
The waiters fumbling
The heat's getting fierce in here

You should a be illegal
You outta be banned
A government warning baby
To every man yeah

You came to rock my party
With your sexy body
You're my super hottie
You do it for me
Gotta have you for my lady
If not I'll go crazy
I love the way you play me
'Cause you do it for me

The players mumbling
The waiters fumbling
You've got us stumbling
The heat's getting fierce in here
(One)
The players mumbling
(And)
The waiters fumbling
(Ooh)
You've got us stumbling
The heat's getting fierce in here

Do it baby, do it baby, do it for me
Do it baby, baby, baby, do it for me
Do it baby, do it baby, do it for me

Do it baby, baby, baby, do it for me

Must be Jezebel resurrected
As Venus totally perfected
I want us to be connected
And you got me scared
I said

Must be Jezebel resurrected
As Venus totally perfected
I want us to get connected
But you got me scared

You came to rock my party
With your sexy body
You're my super hottie
You do it for me
Gotta have you for my lady
If not I'll go crazy
I love the way you play me
'Cause you do it for me

You came to rock my party
With your sexy body
You're my super hottie
You do it for me
Gotta have you for my lady
If not I'll go crazy
I love the way you play me
'Cause you do it for me
