

## Do Me Right

Sergey Lazarev (Сергей Лазарев)

When the lights are down, and you're close to me  
Oh, I lose my mind in a fantasy  
Higher and higher, up in the sky  
Burning desire, we'll do it tonight  
Hero in my dream you're my destiny

Get on and do me right, under the stars tonight  
I wanna feel you, and touch you, and hold you tight  
Come and play with me, just feel my energy  
I really want it, I need it, come do me right

Gotta show you how gonna lose control  
Love is all around, feel it in your soul  
Higher and higher, up in the sky  
Burning desire, we'll do it tonight  
I will make you scream, it's our fantasy (Fantasy)

Get on and do me right, under the stars tonight  
I wanna feel you, and touch you, and hold you tight  
Come and play with me, just feel my energy  
I really want it, I need it, come do me right  
Do me right just do me right  
Do me right just do me right  
You gotta lose it  
Do me right just do me right  
Do me right just do me right  
You gotta lose it, baby

Right, go get on and do me, right  
Right, go get on and do me, right

Get on and do me right, under the stars tonight  
I wanna feel you, and touch you, and hold you tight (Hold you tight)  
Come and play with me, just feel my energy  
I really want it, I need it, come do me right  
Do me right just do me right  
Do me right just do me right  
I wanna feel you, and touch you, and hold you tight  
Do me right just do me right  
Do me right just do me right  
I really want it, I need it, come do me right
