Everytime

Sergey Lazarev (Сергей Лазарев)

Didn't know where I was
Couldn't see the way out
Couldn't take my life alone
Till I found you

From a stranger to a lover
I was searching for someone
Through the danger, I discovered
That you keep me safe from harm

Every time I close my eyes I see
Everywhere, you're always in my heart
I'm nothing without you
I'm everything with you
And even when we're worlds apart
Every time I close my eyes

Coming from a place so cold
Then you gave me shelter
You see the secrets in my soul
I never have to tell you

No, you're more than just a lover
And you keep me safe from harm

Every time I close my eyes I see
Everywhere, you're always in my heart
I'm nothing without you
I'm everything with you
And even when we're worlds apart
Every time (Every time I close) I close my eyes

Every time
Every time

From a stranger to a lover
I was searching for someone
Through the danger, I discovered
That you keep me safe from harm

Every time I close my eyes I see
(Every time I close my eyes, every time we play the part)
Everywhere, you're always in my heart
(Every time I see you, baby, every time we play the part)
I'm nothing without you
I'm everything with you
And even when we're worlds apart
Every time I close my eyes (Every time I close my eyes)

(Every time I close my eyes)
(Everywhere you play the part)
(Every time I see your face)
(Every time I play the part)
