

# Make You Say

Sergey Lazarev (Сергей Лазарев)

You came to dance, dance  
I see you got that look in your eyes  
But the man to your left  
No he won't let you out of his sight

So baby what you need  
I know that this ain't where you wanna be  
And I can save you if you come with me  
There's nothing we can't do, tell me you want to

You've got something inside  
I wanna let out

So hold on tight, girl  
And we can go all night  
You know that I can make you say  
OoOoOoh, OoOoOoh  
Hold on tight, girl  
And we can go all night  
You, you know that I can make you say  
OoOoOoh, OoOoOoh

You're holding back  
But you ain't gonna last for long  
Coz you wanna be back  
Can't have it and it's turning you on

So baby what you need  
I know that this ain't where you wanna be  
And I can save you if you come with me  
There's nothing we can't do, tell me you want to

You've got something inside  
I wanna let out

So hold on tight, girl  
And we can go all night  
You know that I can make you say  
OoOoOoh, OoOoOoh  
Hold on tight, girl  
And we can go all night  
You, you know that I can make you say  
OoOoOoh, OoOoOoh

Come in close, let me feel you breathe  
Make your move to my heartbeat  
Have you sing a new melody  
I wanna make you scream  
Come in close, let me feel you breathe  
Make your move to my heartbeat  
Have you sing a new melody  
I wanna make you scream  
You've got something inside  
I wanna let out

So hold on tight, girl  
And we can go all night

You know that I can make you say  
OoOoOoh, OoOoOoh  
Hold on tight, girl  
And we can go all night  
You, you know that I can make you say  
OoOoOoh, OoOoOoh  
  
OoOoOoh, OoOoOoh
