

Sexy Automatic

Sergey Lazarev (Сергей Лазарев)

Turn me out, it ain't no secret that it turns me on
When we go at it till the break of dawn
Break of dawn
Sexy automatic when you're around

I'm feeling good in a way
Bet you know what I mean
Makin' you loose all control
Got you down on your knees
Got me thinking dirty thoughts
Touchin' your body all over

It's automatic how you do
What you do, when you touch me
Electrify my body, feel it starting to rush me
Ain't got no way to hide it, so I guess I'll embrace it
Sirens go off in your head
Like you were getting pulled over
Arrest you, tie you up, then throw you over my shoulder
I wanna feel the heat of your love
Till it's over

Take it off
The way I talk you is fully suave
The things you fo to me when lights are off, lights are off
Are even sexier when lights are on

I'm feeling good in a way
Bet you know what I mean
Makin' you loose all control
Got you down on your knees
Got me thinking dirty thoughts
Touchin' your body all over

It's automatic how you do
What you do, when you touch me
Electrify my body, feel it starting to rush me
Ain't got no way to hide it, so I guess I'll embrace it
Sirens go off in your head
Like you were getting pulled over
Arrest you, tie you up, then throw you over my shoulder
I wanna feel the heat of your love
Till it's over

Tie you up, hold you down
Feel you up, then take you down
I'm makin' you sweat when I pull your hair
Up in bed or on the floor baby
I don't care

It's automatic how you do
What you do, when you touch me
Electrify my body, feel it starting to rush me
Ain't got no way to hide it, so I guess I'll embrace it
Sirens go off in your head
Like you were getting pulled over
Arrest you, tie you up, then throw you over my shoulder

I wanna feel the heat of your love
Till it's over
