Keep This Heart

Sérgio Mendes

Morning sun
On the rise
A breeze rolls in from the ocean
Describes an emotion
I seem to recognize
You and I
Together right where we both belong

Here's the place
Now's the time
Last night was just the beginning
I feel like we're winning
The daylight's on our side
Taste the prize
Love finally came around

Keep this heart
Take my hand
Open the door to your heart
Show me again and again
Keep this heart
Saved for you
Let me take care of your heart
That is so easy to do

Keep this heart
Take my hand
Open the door to your heart
Show me again and again
Keep this heart
Saved for you
Let me take care of your heart
That is so easy to do

Solidao
De manha
Poeira tomando assento
Rajada de vento
Som de assombracao
Coracao
Sangrando toda a palavra sa

A paixao
Puro afa
Mistico cla de sereia
Castelo de areia
Ira de tubarao
Ilusao
O sol brilha por si

Keep this heart
Take my hand
Open the door to your heart
Show me again and again
Keep this heart
Saved for you
Let me take care of your heart

That is so easy to do

Acai, guardia
Zum de besouro um ima
Branca e a tez da manha
Acai, guardia
Zum de besouro um ima
Branca e a tez da manha

Keep this heart
Take my hand
Open the door to your heart
Show me again and again
Keep this heart
Saved for you
Let me take care of your heart
That is so easy to do

Acai, guardia
Zum de besouro um ima
Branca e a tez da manha
Acai, guardia
Zum de besouro um ima
Branca e a tez da manha

Keep this heart
Take my hand
Open the door to your heart
Show me again and again
Keep this heart
Saved for you
Let me take care of your heart
That is so easy to do

Acai, guardia
Zum de besouro um ima
Branca e a tez da manha
Acai, guardia
Zum de besouro um ima...
