

Let Me

Sérgio Mendes

Let me
Let me sit with you beside a street
Let me
Let me laugh with you and share your dream
I'll be your true friend
Until the end
You can depend on me
So let me, let me
Say you let me

Let me
Let me cheer you when your dreams go past
Let me
Let me hold you when your world seems lost
Let me
For by now you know I love you so
Let me
Let me nevern never let you go

Let me
Let me cheer you when your dreams go past
Let me
Let me hold you when your world seems lost
Let me
For by now you know I love you so
Let me
Let me nevern never let you go
Let me
Let me nevern never let you go
Let me
Let me nevern never let you go
