

# Sabor Do Rio

Sérgio Mendes

Yeah  
How y'all feelin' out there?  
Sabor do Rio  
Let's go  
Ugh, yeah, c'mon

Lá-laiá  
Laiá-laiá, laiá  
Lá-laiá  
Laiá-laiá, laiá

Feel the sunshine, yeah, it's summertime  
Little brew, a little bit of little wine  
We feeling good now, in the hood now  
Rio de Janeiro, understood now?  
Coming from Chicago, this is Common  
I'm in the place with my man, Sergio  
This is how the words'll go  
This is how we rockin' in the circle, universal though

Lá-laiá  
Laiá-laiá, laiá (You can feel it, c'mon, yeah)  
Lá-laiá  
Laiá-laiá, laiá

La music, we in sync  
A lot of people doing what we can, no think  
Don't think too long, don't think too wrong  
When it come to this, yo, you lovin' our song  
Now, we can go strong, look at the palm  
Trees and feel breeze, MC's  
This is how we be when the style'll be free  
I love it when the ladies just smile at me

Lá-laiá  
Laiá-laiá, laiá (Yeah, ah!)  
Lá-laiá  
Laiá-laiá, laiá (Yeah, c'mon)

Vou me aproximar  
Nosso amor vai ser muito mais  
Esmeralda preciosa brilha em paz  
Oceano de vida pra nós

Veja essa paixão  
Mergulhar na luz do luar  
Vamos juntos que é melhor sonhar  
Nosso samba é maior a dois

Let's go  
This discussion over Rio percussion  
It's like this, y'all, everything is gushin'  
A little bit of water, it's what the sons and daughters  
When they come to Brazil, it's all in order  
Gotta go down, gotta hold down  
Shout out to my man, Green from Motown  
But we comin' back to Brazil to feel

The type of things that's real, yo, everybody chill and just

Lá-laiá  
Laiá-laiá, laiá (Sabor do Rio)  
Lá-laiá  
Laiá-laiá, laiá

Yo, make the music with the sound and get busy  
Everybody out there, yo, get with me  
We goin' from Brazil to Chi' city  
I know we got a whole live committee  
This is how we be when we get to south  
Yo, like 'Pac at a bar, I Get Around  
Lost and found, I get around  
Yo, I love the sound, you know we free bound

Never been bound by anything  
And when it comes to this, I had many dreams  
Let the style, just let the sound team  
Up with something, that just sounds supreme  
That's the one God, that's the most high  
Rio de Janeiro is close by  
I keep her close eye on the sound, piano  
When it come to this, y'all can't just handle

When we go down, yeah, we hold down  
Yo, the fort, yo, deck out your orb now  
Let it go now, let it go now  
Yeah, we hold down the fort, what you thought now?  
Let it go now, let it go now  
We can hold down the fort, what you thought now?  
From the Carnival, you should know the style  
Common Sense, ya'll, I'm the only child

Of my mom, Aunt Brown, hands down  
I can stay focused 'cause we be the dopest  
Never wrote this but it's all cool  
This is what we do  
The rules
