

## Song of No Regrets

Sérgio Mendes

To be alone again  
Without you, without you  
When will this time pass  
Maybe I should talk  
Perhaps I should not  
But it's gone  
What is gone  
Who can say?

Like leaves that drift away  
So softly, they tell me  
I'll walk without you  
Your name inside me  
No wind will hide me  
Like a song  
No regrets  
When it's done
