

You Get Your Love From Me

Sérgio Mendes

Everyone needs a lover
Everyone needs a lover
Everyone needs a lover
Everyone needs a lover

Everyone wonders
Why there's a smile on your face all day
What ya been up to?
Happiness comes from someplace they say
You get Your love from me
You get Your love from me, yeah
Woo woo woo woo woo woo woo woo
Woo woo woo woo woo woo woo woo

Never a sad look
Even when you're all alone
What ya been up to?
Happiness comes from someplace they say
You get Your love from me
You get Your love from me, yeah
Woo woo woo woo woo woo woo woo
Woo woo woo woo woo woo woo woo

Everyone needs a lover
Everyone needs a lover
Everyone needs a lover
Everyone needs a lover
