

Beside Me

Serhat Durmus

Feels like I can be myself with you
It feels like I can be myself with you

I might toss and turn tonight
'Cause I can't sleep, no I can't sleep
I'll just lie awake tonight
'Cause I can't sleep without you inside me

'Cause I can't, 'cause I can't
'Cause I can't, 'cause I can't
'Cause I can't, 'cause I can't
'Cause I can't, 'cause I can't
Inside me

Feels like I can be myself with you
It feels like I can be myself with you
Feels like I can be myself with you
It feels like I can be myself with you

Beside myself
