

Fail

Serj Tankian

There's always money to be made from the misfortunes of others
But you think you're a proper cunt?
That'll be your downfall

You won't stop
Unbelievable
Don't laugh when no one else will
Baby, you're cursed, all of you
So come on, suck it
So come on
Always denied
Not sorry
The attraction won't stop
Remember me before you fail

Look before you burn yourself

You won't stop
Baby, you're cursed
Always denied
Look before you burn yourself

I'm gonna fucking bury you where you stand

Not sorry
