

Concrete has hurried itself into bloom  
The mice have forgiven our greed  
Still you won't kneel to kiss me  
My lips the only source of water for miles, miles  
Where's your concern, concern?  
No love or gum between us, us  
My concerne

The same dew that falls from my mouth  
And cause the hairs on my chin to trill  
Could nourish you, could sustain you  
Kiss me, or go  
Kiss me, or go  
Pretend the floors cracking in the shape of our names  
It's not a big deal  
Pretend the dying flowers growing towards us  
It's not a big deal  
Pretend me loving you  
It's not a big deal  
Go

As your lips curl at the smell of sweetness in this room  
(Keep tying your shoes)  
You should know the world outside my door has tightened it's womb for you  
Help me say the darkness of the leaves has come  
Forgiveness has not forgive not  
(tell him one more time)  
The darkness of leaves has come  
(Has come)  
Forgiveness has not forgive not  
The darkness of the leaves has come  
(You could've been soft with me)  
Forgiveness has not forgive not  
(But now, the trees have grown tired)  
The darkness of leaves has come  
Forgiveness has not forgive not  
(What am I gonna do with you, what am I gonna do with you? With you?)  
The darkness of leaves has come  
Forgiveness has not forgive not  
(Forgiven it)  
The darkness of the leaves has come  
(The darkness of the leaves has come)  
Forgiveness has not forgive not  
(You would not get small with me, you would not kneel for me, you would not  
kiss me)  
The darkness of the leaves has come  
(Darkness of the leaves has come)  
Forgiveness has not forgive not  
(Darkness of leaves has come, oh)  
The darkness of leaves has come  
(Forgiveness has not)  
Forgiveness has not forgive not  
(Watch the world get smart for you, watch the leaves get black for you)
