

# Ellipsis

serpentwithfeet

Hunting for words I cannot pronounce  
Hoping some courage will fit in my mouth  
(Oh, oh)  
If I'm a bird I need a tree  
Flying alone is so hard on my wings  
(On my wings)

When words fail  
Ellipsis  
Baby come kiss me  
I know you miss me

When words fail  
Ellipsis  
Baby come kiss me  
I know you miss me

(Oh, oh, oh, oh)  
(Oh, oh, oh)

Okay  
You gon' love me through the night  
Will you love me in the morning?  
Okay  
Do you still think I'm the one?  
This shit so annoying  
Okay  
Imma leave you outside  
Imma leave you outside  
What can I say?  
You gon' love me through the night  
You gon' leave me in the morning

When words fail  
Ellipsis  
Baby come kiss me  
I know you miss me

When words fail  
Ellipsis  
Baby come kiss me  
I know you miss me  
I know you miss me

Ain't no use in being right and alone  
Come on back, baby, come on back home

Ain't no use in being right and alone  
Come on back, baby, come on back home

Ain't no use in being right and alone  
Come on back, baby, come on back home

(I know you miss me)  
(I know you miss me)
