

Heart Storm

serpentwithfeet

(Heart storm)

Boy, when you and I get together
'Spect some wicked weather

(Heart storm)

When we kiss, watch for lightning
Being near you's so exciting

(Heart storm)

Every time you speak my name
God's gonna send a little rain

(Heart storm)

Them roads, they gon' get slick
But the love I have for you gon' stick

(Heart storm)

Downpour, downpour
Downpour, down pouring rain
Downpour, downpour
Downpour, down pouring rain (Down pour)

The sky is gon' split open once we are holding each other
The sky is gon' split open once we are holding each other

My heart is thumpin', thumpin'
You know heaven's up to something

(Heart storm)

Roses, tulips, daisies
All creation's goin' crazy
Do we need this ceiling?
We should never hide our feelings

(Heart storm)

Love it when you hold my hand
Love watching the tempest dance

Downpour, downpour
Downpour, down pouring rain
(Storm, storm)
Downpour, downpour
Downpour, down pouring rain (Pour, downpour, down rain)

The sky is gon' split open once we are holding each other
The sky is gon' split open once we are holding each other

(Storm, storm)
