

I'm not one to waste your time
Is it too much to free your line? Yeah
You roll a likkle spliff while you read my signs
That woman is Jah, she can bless my mind, yeah

Girl, don't try to cut me loose
Girl, don't try to cut me loose
(Girl, don't you try to, girl, don't you try to)
Girl, don't try to cut me loose
(Girl, don't you try to)
Girl, don't try to cut me loose

Often I call love the wrong name
Often you smile when you're in pain
Boy, let me hold you close
Please don't cut me loose
I'll be better than good to you

Girl, don't try to cut me loose
Girl, don't try to cut me loose
(Please don't cut me loose, oh no no)
Girl, don't try to cut me loose
(Hold onto me)
Girl, don't try to cut me loose
Girl, don't try to cut me loose (girl, don't you try to)
Girl, don't try to cut me loose (girl, don't you try to)
Girl, don't try to cut me loose (girl, don't you try to)
Girl, don't try to cut me loose (girl, don't you try to)
