

Sailors' Superstition

serpentwithfeet

D-D-Daytrip took it to ten (Hey)

Heard most couples stop smiling after the first year (First year)
Baby boy, sailors' superstition will help us here
Our love, our love will stay hallowed
If we stay, if we stay humble
Can we stay, can we stay humble?
How loud can we be while humble, humble?

No, we're not ashamed
But, babe we don't need the rain
If the rascals of the air
Believe our union's fair, we'll be good
(We'll be good, we'll be good, we'll be good)
So damn good
Ooh, good

Don't whistle on the ship (Ayy)
We don't wanna rouse the wind (Ooh)
Don't whistle on the ship
We don't wanna rouse the wind (Ooh)
Don't whistle on the
Don't whistle on the (Ooh)
Don't whistle on the

Let's hold on to what matters, matters
We got joy, got friends and family
Don't need to advertise it
Just want you beside me
Waited years for a man like you
Won't let hubris make me a fool
(Uh, uh, ooh, yeah)

No, we're not ashamed
