

Drained

[Set It Off](#)

(Oh oh oh, it's safe to say I'm)

Throwing out my energy to strange faces
Validation hits in really strange places
Why can't happiness be this contagious?
Oh oh oh oh oh (Damn)

Heavy eyes are yelling out "I'm so tired"
Yeah I'm looking how you know to get inspired
Fake a smile but I'm a really bad liar
Oh oh oh oh oh (Damn)

Hey I'm drained
What does it take to make me feel okay?
Put on a happy face, say
Hey I'm drained
Just medicate me so I stay awake
Oh oh oh, it's safe to say I'm drained

Yeah
Negativity is flooding every brain wave
Another day, another dollar short of insane
I'm on a carousel that only goes the wrong way
Oh oh oh oh oh (what)

I tend to leave the house, like, every other weekend
Forgetting faces of the people that are old friends
Can't fucking wait until my mental state is mended
Oh oh oh oh oh

Hey I'm drained
What does it take to make me feel okay?
Put on a happy face, say
Hey I'm drained
Just medicate me so I stay awake
Oh oh oh, it's safe to say I'm drained

Hey I'm drained
What does it take to make me feel okay?
Put on a happy face, say

Hey I'm drained
What does it take to make me feel okay?

Hey I'm drained
Just medicate me so I stay awake
Oh oh oh, it's safe to say I'm drained
(I'm drained)
