

Medley

Set It Off

My eyes are stapled open wide
As I lay down on my side
I am bouncing off these walls
As I focus on the clock
Time stands still, but I cannot
I should strap myself in bed
I guess I'll sleep when I am dead

Thanks for treating me like every boy you meet
So please come in and take a seat
Here's the part when I learn, and you will teach
On how to treat people like a piece of meat

Why is it me they're after?
Couldn't they pick another one?
Some day I'll spit their laughter
And bite their tongue
Horrible kids
Would you look what you did
It was your ignorance
That formed a beast with your wit
Ba da da dum bum

They're coming, creeping from the corner
And all I know is that I don't feel safe
I feel the tapping on my shoulder
I turn around in an alarming state
But am I losing my mind?
I really think so
Not a creature in sight
But what you don't know

Is the truth we pursue as we all beg you to
Kill the lights, kill the actor, kill the actress
I'm afraid that the spotlight dried you up
Whoa oh whoa oh oh

Yeah, yeah
Remove the gag and step away, he's suffocating
You pull the strings day after day
That's why he needs a break from you
Bid your ass adieu
A break from you
Bitch, your ass is through
Oh, I hope he hears these words
Maybe this time he will learn...

Please don't tell me that we're fine
I got too much on my mind
Isn't this too plain to see?
Maybe, yeah
Cause we've lost too much to gain
We were dancing in the rain
Tell me what am I to do
With a double dose of-

You'll never take us alive

We swore that death will do us part
They'll call our crimes a work of art
You'll never take us alive
We'll live like spoiled royalty
Lovers and partners, partners in crime
