

So Predictable

[Set It Off](#)

You told me once, you told me twice
I know
I've seen this film too many times
So old, yeah

Cause I don't really need a crystal ball to see
That you'll spin the broken record til' it get to me
Play away, I'm gonna hear it til' the day I die
I know you (I know you)
I know you

So predictable
I've heard this all before
Don't act like you are not
So predictable
You're playing on a loop
Repeat, repeat, rewind
So predictable
Again and again til' it's stuck in my head
It's attaching to my brain
So predictable
I've heard this song before
Don't act like you are not
So predictable

No, it don't matter how you flip that coin, nah, nah
With double sides, it's always heads, no choice

Cause I don't really need a crystal ball to see
That you'll spin the broken record til' it get to me
Play away, I'm gonna hear it til' the day I die
I know you (I know you)
Yeah, I know you

So predictable
I've heard this all before
Don't act like you are not
So predictable
You're playing on a loop
Repeat, repeat, rewind
So predictable
Again and again til' it's stuck in my head
It's attaching to my brain
So predictable
I've heard this song before
Don't act like you are not
So predictable
(So predictable)
(So predictable)

From sunrise to sunset
From death and to taxes
And how they remind me of you
The day comes and goes
Some things we'll never know
But the monster of habit is you

(So predictable)
I've heard this all before
Don't act like you are not
So predictable
You're playing on a loop
Repeat, repeat, rewind
So predictable
Again and again til' it's stuck in my head
It's attaching to my brain
So predictable
I've heard this song before
Don't act like you are not
So predictable
(Again and again and again and again and again and again)
(So predictable)
(Again and again and again and again and again and again)
(So predictable)
